Base Data

Local Order Number FCRC

Type FCRC

Features and Benefits

- Improved cloth and package design offers cost and time savings compared to competitive cassette cleaners.
- Anti-static cloth material produces a pristine fiber tip and minimizes contaminant attraction.

Product Description HellermannTyton offers a complete line of tools and accessories to assist with both factory and field terminated installations. In addition to bulkhead and reel cleaners, we offer complete termination kits that include all of the tools necessary for stripping and terminating fiber optic lines.

Technical Description The compact cassette-style reel cleaner is a densely woven micro-fiber cloth cleaning system which accommodates all single fiber connector types, MTP/MPO male and female connectors, and male and female MT-RJ connectors, except male MT connectors. . Simple to use, one squeeze of the ergonomic lever advances and exposes the required amount of fresh cleaning fabric for each cleaning.
