- Features and Benefits**
- Clamp provides low insertion and high extraction force.
 - Various sizes available to accommodate all different sizes of bundles.
 - Clamp can be installed both before and after installation of bundles.

Product Description Wire Clamping Cable Ties secure easily to wire frames for a tight fit and are available in four different wire frame sizes and two separate orientations to provide both perpendicular and parallel routing. The wire clamp design is ideally suited for easing the application process on the production floor by allowing for an easy snap fit of the harness assembly to the wire frame.
