Thermal Transfer Label Holder, 1/EA

Download spec sheet

## Base Data

Local Order Number 556-00235

Type LABEL HOLDER

Color Black (BK)

- Features and Benefits**
- Caddy designed to hold larger reels for higher capacity printing.
  - Holds spindle securely while allowing label stock to feed into printer by gravity.
  - Fits standard 3" cardboard cores.

**Product Description** Designed for high volume, industrial grade printing, HellermannTyton's TT130SMC thermal transfer printer is made of durable materials for long life in a variety of applications and environments. The compact, portable design makes it ideal for transporting to work sites. HellermannTyton thermal transfer printers work flawlessly with HellermannTyton TagPrint® Pro label printing software to create customized labels. An integrated cutter cuts continuous label media and an optional caddy holds larger label stock reels to allow higher capacity printing.

**Short Description** Thermal Transfer Label Holder, 1/EA
