The screenshot displays the HellermannTyton TagPrint Pro software interface. The main workspace, titled "Designer1", shows a white label template on a grey background. A dashed rectangular box is drawn on the template, with red dimension lines indicating its width as 1.417 and its height as 0.990. A white arrow cursor is positioned to the right of the box, pointing upwards. The software's ribbon includes tabs for File, Home, Table, Print, Label, and Utility. The Home tab is active, showing options for Text, RFID, Barcode, Image, and Drawing. The Font section shows "Arial" font and size "12". The Colors section includes Line Color, Font Color, and Fill Color. The Properties panel on the right shows settings for Printer (Feed Direction: Normal, Heat Setting: 0, Print Speed: 0) and Template (Orientation: Portrait, Type: Single). The status bar at the bottom indicates the label template is "Network | Label Template: TTM430 ONLY 3.5\" X 2.0\" 3.5\" X 2.0\" Tagprint Pro Box Label" with coordinates x: 2.177 y: 1.313 and dimensions w: 1.417 h: 0.990. The Windows taskbar at the bottom shows the system clock at 11:14 AM on 7/5/2012.
